No Owner or Person may post signs upon any portion of the District Properties or Public Right-of-ways.

2.16 Hazardous Activities. No activities shall be conducted on any Lot or within an Improvement which are unsafe or hazardous to any person or property. Without limiting the generality of the foregoing, no firearms shall be discharged upon any Lot and no open fires shall be lighted or permitted on any Lot except in a contained barbecue unit while attended and in use for cooking purposes or within an interior fireplace. Further, no hazardous materials or chemicals shall at any time be located, kept or stored in, on or at any Lot except such as may be contained in common household products and in such limited quantities so as to not constitute a hazard or danger to person or property. However, an Owner may conduct business activities within a Home provided that all of the following conditions are met:

Plans for structures, other than FCC Structures (defined below) must be approved by the Design Review Committee prior to installation. An FCC Structure is defined by the Federal Communications Commission as: (a) an antenna that is one meter (39.37") or less in diameter and is designed to: (i) receive direct broadcast satellite service, including direct-to-home satellite service, or to receive or transmit fixed wireless signals via satellite; (ii) receive video programming services via multipoint distribution services, including multichannel multipoint distribution services, instructional television fixed services, and local multipoint distribution services, or to receive or transmit fixed wireless signals other than via satellite; and (b) an antenna that is used to receive television broadcast signals. An FCC structure may be installed on a Lot without prior Design Review Committee approval, subject to the following conditions:

- (a) To the extent feasible, the satellite dish/antenna should be placed in the rear or side yard in such a manner that it is screened from adjacent street(s) and neighboring properties. Rooftop mounting that is visible from adjacent street(s) is discouraged.
- (b) The satellite dish/antenna should be installed at the lowest possible placement, utilizing ground level siting (unless a signal is not attainable).
- (c) The satellite dish/antenna should be painted to match the surrounding environment or screened with a reasonable amount of plantings to minimize its visual impact to surrounding areas.

2.21 Utilities Location. When installing Improvements on a Lot, Owners are responsible for locating all water, sewer, gas, electrical, cable television or other utility lines and easements. Owners must not construct any Improvements over utilities easements without the consent of the utility involved and Owners will be responsible for any damage to utility lines caused by their work. Owners should request the location of underground utility lines and easements through a utility line location center.

### ARTICLE 3 DESIGN REVIEW AND APPROVAL

3.01 Design Review Committee. The Design Review Committee shall consist of at least one and not more than five individuals, all of whom shall be appointed by the Board. In lieu of appointing a separate Design Review Committee, the Board may act as the Design

Review Committee. The Design Review Committee shall exercise the functions assigned to it by the Board, this Declaration and the Design Guidelines.

3.02 Composition of the Design Review Committee. If the Board does not serve as the Design Review Committee, then individuals appointed to serve on the Design Review Committee shall serve for a two-year term and may be removed by a majority vote of the Board. If a vacancy on the Design Review Committee occurs for any reason, a majority of the Board may appoint a replacement to complete the unexpired term. Design Review Committee members need not be Owners.

3.03 Design Guidelines. The Design Review Committee may from time to time adopt Design Guidelines applicable to Improvements within the Property. Such Design Guidelines may regulate, without limitation, the following matters: a) site location; b) architectural design; c) site accessories, (e.g., lights, signs); d) landscape design; e) building size and height; and f) approval processes. The Design Review Committee shall have the right to modify or supplement the Design Guidelines from time to time upon the written approval of the Board. The Design Guidelines shall have the same force and effect as if they were set forth in and were a part of this Declaration. In the event of conflict between the Design Guidelines and the provisions of this Declaration, the Declaration shall control.

3.04 Approval Required. An Improvement shall not be placed, erected, installed or permitted to exist on any Lot, the exterior of any existing Improvements shall not be altered, and construction shall not be commenced on any Improvements, unless and until the plans for such Improvement have been submitted to and approved in writing by the Design Review Committee. Improvements installed or constructed prior to Design Review Committee written approval, or not installed or constructed in compliance with the approved Plans, shall be deemed to be in non-compliance and may be subject to enforcement action under this Declaration.

3.05 Exclusive Approval by Board. The Board shall have the exclusive right to review, approve and enforce construction of all Improvements on a Lot prior to the completion of the first Home on a Lot in accordance with this Declaration and Design Guidelines. After the first Home on a Lot has been completed, the Design Review Committee shall have the right to review, approve and enforce construction of Improvements on a Lot in accordance with this Declaration and Design Guidelines.

3.06 Exemption of Builders and Declarant. Declarant shall be exempt from the provisions of this Article. This exemption shall terminate at such time as Declarant no longer owns any real property within the Property. Notwithstanding anything to the contrary contained in this Declaration, as long as a Builder has received design review approval from Declarant, such Builder shall be exempt from the provisions of this Article.

3.07 Submittal of Plans. The requirements for submittal of plans to the Design Review Committee will be set forth in the Design Guidelines.

3.08 Approval Process. All action required or permitted to be taken by the Design Review Committee must be stated in writing, and any such written statement must establish

the action of the Design Review Committee. The Design Review Committee will approve or disapprove Plans within forty-five (45) days following submission of a complete set of Plans. If the Design Review Committee does not act within forty-five (45) days following submission, the plans shall be deemed disapproved. The Design Review Committee may charge reasonable fees to cover expenses incurred in the review of plans. The Design Review Committee will retain, for such time as provided in its records retention policy, one copy of all approved plans as part of its records and written records of all actions taken by it that will be available to Owners for inspection at reasonable business hours. Plan approval will automatically expire one year after approval if construction is not commenced within such one-year period, and if approval so expires, the applicant must submit a new request for approval.

3.09 Approval Standards. In granting or withholding approval of matters submitted to it, the Design Review Committee shall consider the specific standards and specifications set forth in any Design Guidelines then in effect and any other matter, whether objective or subjective, that the Design Review Committee feels is relevant to the issue presented. The Design Review Committee shall have the right to disapprove any plans or details submitted to it if it determines, in its sole discretion, that the proposed Improvement is not consistent with the Design Guidelines or any provision of this Declaration; if the plans submitted are incomplete; or if the Design Review Committee deems the plans or details, or any part thereof, to be contrary to the best interests, welfare or rights of all or any part of the Silver Hawk at Soaring Eagles, District, or the Owners. If the Design Review Committee believes there may be questions of structural integrity, it may, as part of the review process, require certification of the final plans and specifications by a professional architect or engineer licensed in Colorado. A majority of the Design Review Committee members attending a meeting at which plans are approved shall constitute a quorum, and a majority vote of the quorum of the Design Review Committee members present shall constitute action of the Design Review Committee. Owners acknowledge that Design Review review is inherently a subjective process and that the Design Review Committee is given wide discretion in carrying out its function. The decisions of the Design Review Committee shall be final and binding.

3.10 Variances. The Declarant or the Design Review Committee shall have the authority to grant for a Lot a variance from any provision of this Declaration (including any provision of the Design Guidelines) that is within the authority of the Board or the Design Review Committee, as the case may be. Such variance will only be made upon a finding of exceptional and extraordinary circumstances where literal enforcement of the covenant will create a material hardship to the applicant, and that such a variance is not contrary to the interests of Silver Hawk at Soaring Eagles, District and Owners. A variance may be made subject to terms and conditions approved by the Board or the Design Review Committee. If a variance is denied, the applicant may not bring another application for a similar variance for the same Lot for a period of one year after submittal of the original request.

3.11 No Liability. The Declarant, District and the Design Review Committee, and any member, agent or representative thereof, shall not be liable in damages or otherwise to anyone submitting plans for approval or requesting a variance, or to any Owner or other Person, by reason of mistake in judgment, negligence, nonfeasance or any act or omission in connection with the approval, disapproval or failure to approve the Plans or variance.

Approval of plans shall not mean that plans are in compliance with the requirements of any local building codes, zoning ordinances, or other governmental regulations, and it shall be the responsibility of the Owner, Builder or applicant to comply with all codes, ordinances and regulations.

3.12 Design Review Non-Compliance. If an Owner is in violation of the provisions of this Article or the Design Guidelines, the violation will be processed in accordance with Article 4 of this Declaration.

#### ARTICLE 4 ENFORCEMENT AND DELEGATION OF AUTHORITY

4.01 Adoption of Rules and Regulations. The Board may adopt, amend, repeal and enforce such Rules and Regulations as may be deemed necessary or desirable with respect to the interpretation and implementation of this Declaration, the use and enjoyment of District Properties, and the use of any other property within Silver Hawk at Soaring Eagles, including Lots. Any such Rules and Regulations will be reasonable and uniformly applied as determined by the Board in its sole discretion. The Rules and Regulations may provide for the assessment of fines for a violation of this Declaration or the Rules and Regulations. Written notice of the adoption, amendment or repeal of any Rule or Regulation will be provided to all Owners, and copies of the currently effective Rules and Regulations will be made available to each Owner upon request. Rules and Regulations shall have the same force and effect as if they were set forth in and were a part of this Declaration. In the event of conflict between the Rules and Regulations and the provisions of this Declaration, this Declaration shall control. An owners association or District which has been delegated authority by the Board to adopt, amend or repeal Rules and Regulations may so adopt, amend or repeal only with the written approval of the Board.

4.02 Notice and Hearing. If the Board determines a violation of this Declaration or the Rules and Regulations by an Owner or other Person has occurred, the Board or its designated representative shall give written notice to the Owner or other Person of the violation and the scheduling of a hearing by the Board or its designated representative. The notice shall provide the day, time and location of the hearing. The notice shall be hand-delivered or sent by U.S. Mail, postage prepaid, to the Owner or Person alleged to be in violation not less than ten (10) days prior to the scheduled hearing date. The hearing may be audiotaped by the Board. The Board or its designated representative and the Owner or other Person will have the opportunity to present evidence in support of their respective positions. Within ten (10) days of the hearing, the Board or its designated representative will issue its decision. The hearing will occur whether or not the Owner or other Person attends the hearing, absent extraordinary circumstances as determined by the Board or its designated representative, to hear evidence concerning the violation and render a decision. The Board has the right to assess fines against an Owner or Person found to be in violation. The decision shall be final and binding.

4.03 Failure to Remedy Violation. If an Owner is found to be in violation of the Declaration after Notice and Hearing, and fails to remedy such violation within forty-five days after a decision under Section 4.02 is rendered, the Board may record a notice of non-

compliance or notice of lien on the Owner's Lot. The notice will substantially set forth: (a) the amount of the monetary lien or description of the violation, (b) the interest and expenses of collection which have accrued, if any; (c) the legal description and street address of the Lot against which the lien is claimed or violation has occurred, and (d) the name of the record Owner. The notice shall be signed and acknowledged by an officer of the Board or its duly authorized agent. The amounts claimed under the lien may include, without limitation, all collection expenses, attorney fees, court costs, recording costs and filing fees.
